

## RAY BAKER IS ENJOYING SIGHTS IN OLD COUNTRY

WRITES INTERESTING LETTER  
FROM CONSTANTINOPLE—  
RETURN IN DECEMBER

Ray T. Baker, brother of District Attorney Cleve H. Baker, is enjoying the sights of Europe and Asia, and on the first of this month was sojourning in Constantinople, but intended leaving in a few days for a stay in Greece. The following letter received yesterday by the editor of this paper relates a few of the sights Mr. Baker has witnessed:

"Constantinople, Oct. 3, 1909.

"My Dear Billie:—

"Perhaps you will be somewhat surprised to hear from me here in Constantinople, for I'm a long way from dear old Tonopah. I have been automobiling through England, Holland, Germany, Bavaria, Austria, Serbia, Roumania, Hungary, and have finally landed here in Turkey. It is most interesting, though more European than Morocco, which I have visited before.

"In Morocco you find the people very oriental and not as civilized as the Turks. The young Turks are in control of the government here now having defeated Abdul Hamid, who ruled so long. He is now in prison at Salonica, and Mehmet Mehmed Rehid is now on the throne, having been crowned in April of this year. The young Turks have gradually gotten control of the entire government.

"Enver Bey and Naiza Bey, two Turkish generals, were the leaders of the forces against the old government and were the ones who controlled the army.

"I have not been able to get into any of the harems as yet. I think the reason is because when 'Bloomie' was over here he got the women all excited about the money one could 'nearly get' in the mines in Nevada and made them a lot of promises which he didn't make good. Now I suppose the women, when I told them I was from Tonopah, thought I was going to hand them the same speech and they wouldn't take a chance. I think I'll get in yet—also hope to get out. The Turkish women are not allowed on the street except when heavily veiled so if you pick one you are liable to pick a lemon. This would be a great place for some of the relics we have in Nevada.

"As you know, the Turks are Mohammedans and they have numerous mosques here, all beautifully designed and the interiors all in mosaics. One mosque here, St. Sophia, was a Christian church built or Constantinople I, many centuries ago and when the Turks took Constantinople they blotted out every sign and image embracing the Christian faith and now it is the most beautiful mosque in the world says one in Mecca.

"The Turks seem to hold dogs sacred and I never saw so many in my life—not even in Tonopah.

"There are thousands. It is hardly possible to walk in the narrow passages without tramping on one. If the cabman runs over one he is imprisoned for 30 days and fined \$10. If a cabman runs into and knocks down a pedestrian, the pedestrian is arrested for getting in the cabman's way. Seems quite just, doesn't it?

"The principal beasts of burden here are the burros—my old friends. Every time I see one I get homesick, for it reminds me of when I left Tonopah with 14 and chased them all over the desert into Ubehebe—best time I ever had—that is, when the burros didn't go more than five miles from camp.

"I don't think anyone could interest the Turks in any mining propositions, as they are too busy fighting with the Greeks, Albanians and Arabs, when not fighting among themselves.

"I have thought many times of the many good friends I have in Tonopah, and though I have been away nearly a year, I long to get back. I am leaving here for Greece soon via the Black sea, then to Italy, to France and, God and the bank roll willing, I hope to be in Tonopah some time in December.

"Hoping you will kindly remember me to any of the bunch who should happen to inquire and trusting that you are well and prospering, believe me sincerely yours,

"RAY T. BAKER."

## NOTIFY CHIEF WHEN YOU START RUBBISH FIRE

SEVERAL FALSE ALARMS OF  
LATE CAUSE ORDER TO BE  
ISSUED YESTERDAY.

Owing to the fact that false fire alarms have called the fire department out on two occasions of late, Chief W. J. Sinclair stated yesterday that all persons who intended to burn rubbish in the future must call up the department first and notify them of the location of the proposed fire.

This has always been a fault that the department has had to contend with and usually in the spring of the year a number of useless runs result from absent minded people building a large fire. The smoke is observed at one of the mines and naturally an alarm is sounded.

An ad in the Bonanza is sure to bring results.

## BEAU BRUMMEL CRUELLY VAGGED BY THE COURT

NOTED DANDY IS A VISITOR IN  
JUSTICE COURT YESTERDAY  
MORNING

"Mourners' Row" in the justice court was crowded yesterday morning with an audience that was not present voluntarily. The police department started on Thursday night to clean the town of vagrants and the undesirable class and the six victims in the justice court was the result of the first night's work. "It was an interesting assemblage, for the appearance of those present bespoke followers of several different walks in life.

As is generally the custom, one of the six was the "wise guy" of the crowd when asked his name by Judge Brissell he answered: "Beau Brummel."

"Delighted to meet you, Beau," said his honor after entering the name in the docket, "but I must say that your appearance is quite in contrast with the name. You should have been christened 'Weary Willie.'"

And indeed he should, for his personality bore the ear marks of a first-class freight car tourist. He was found guilty of being a vagrant and sentenced to 30 days in the county jail. Sentence was suspended for two hours in order to give Beau a chance to hit the main line enroute to some distant place where his talents will be readily recognized. He lit out.

The others arrested on the same charge were Ray Gove, James Kilean, Dan Sharp, Charles Simes and John Doe Stewart. They were likewise found guilty and inside of the next two hours did the grand disappearing act.

Chief Malley is determined to rid the town of vagrants and the raid is only a starter of what will follow.

## SYMPTOMS OF INSANITY LACKING IN EXAMINATION

WOMAN FROM MANHATTAN  
CHARGED BY LOCAL INSANITY  
COMMISSION

Mrs. Fay Fointen, who was taken into custody at Manhattan last week by Deputy Sheriff Santos, who thought the lady exhibited symptoms of insanity, was discharged yesterday afternoon after being examined by Drs. Cunningham and Hammond in the district court.

Mrs. Fointen had walked from Round Mountain to Manhattan and appeared rather travel stained when she made her appearance on the outskirts of Manhattan, where she was met by Santos. She was kept under surveillance while in both the Manhattan and local jails, and during that time did not exhibit any trace of insanity.

When asked by Dr. Hammond if she knew why she was before the commission, Mrs. Fointen replied in the affirmative and stated that the officers must have thought that her ticket tank was wrong. She will be returned to Manhattan.

## A CATASTROPHE IS AVERTED AT THE PORTOLA

(Special to the Bonanza)  
SAN FRANCISCO, Oct. 22.—All 'Frisco had a scare last night that well nigh put an end to the Portola festivities. Strong men wept, women trembled and children clung to each other in abject fear. Many thought this great city was to be destroyed a second time, and this time were filled with visions. About midnight there was a rumble and a slight shock, felt first on Market street near Van Ness avenue. It was next felt farther down the street and seemed to be gaining force as it neared the crowded business section of the city. A general fire alarm was turned in. Also a riot call from the Argonaut bar—and then—fear faded and a wave of happiness swept over the city when it was found that there was no earthquake, no cyclone, nothing wrong. Just Puddy Grimes and Frank Gale showing the natives how to celebrate.

## ELLENDALE SENDS SECOND SHIPMENT TO THE SMELTER

GOOD SIZED PORTUNE IN HIGH  
GRADE ARRIVES HERE  
YESTERDAY

Ellendale's second shipment of high grade ore reached Tonopah late yesterday afternoon and today it will be loaded on ore cars and sent to the Selby smelters. The high grade is from the Clifford and Noy property at the new camp and comprises some 20 tons of ore of both first and second grade. The value is unknown, but those who are in a position to figure on the shipment state that it should go in the vicinity of \$60,000. This is regarded as a conservative estimate.

The first shipment of about four tons, sent out in July, went nearly \$20,000, and it is thought that at least half of this last shipment is of the same grade as the first.

The ore was brought in with two ten-horse teams and was guarded by armed men throughout the journey. The guards were Jim Nagle and Johnny Nolan, who will continue on to Selby with the shipment, which can readily be reckoned as a fortune.

The transferring of the sacks of ore to the cars and the other details will be looked after by H. H. Warburton, deputy auditor and recorder, who is representing the Clifford and Noy interests.

## GAME WILL BE THE LAST OF THE SEASON

GOLDFIELD WILL PLAY IN THIS  
CITY TOMORROW AFTER-  
NOON

Tomorrow afternoon, that great and glorious aggregation of baseball experts from Goldfield will invade this city and engage the local team in a contest of the great American sport. The Goldfielders are coming with the intention of administering an awful wallop to Seltz's stars, but whether they succeed or not is another question.

The Tonopah team has been indulging in nightly practice during the week and a strong effort is being made to strengthen the weak places in the line-up. The game will probably be the last of the season and is an occasion the local fans should not miss.

## TONOPAH BOY WILL OPEN UP A NEW STORE

GEORGE L. DUGAN WILL EN-  
GAGE IN STATIONARY  
BUSINESS

George L. Dugan, one of the best known young men of this city, has decided to start in business for himself and has taken a lease on the postoffice corner, where he will open up a first-class stationary, candy and cigar store. He is now hard at work in placing orders with the different wholesale houses for new goods, which will soon be arriving. The interior of the store is being repapered and will be fixed up in a first-class manner.

Mr. Dugan will run a news stand in connection and will also handle a full line of office supplies. A line of holiday goods will also be purchased and these are expected to be the very articles desired for the Tonopah trade. The store will be ready for business by November 1.
